These services will be charged in addition to the agreed vehicle rental

All the latest information about our electric vehicles can be found at: www.avis.at/rund-um-avis/mietwagen/elektroautos-at

These rates apply only to business-related rentals – not to private or leisure rentals. The specified vehicles are used as an example and can be replaced by equivalent vehicles. The renter undertakes to exchange the vehicle regardless of the contractually agreed total rental period when the vehicle-specific maximum rental period and/or maximum mileage has been reached. Avis is also entitled, within an ongoing rental agreement, to demand the replacement of a vehicle if the rented vehicle has reached the maximum permissible mileage or term or is removed from the fleet for any other reason. Avis will inform the renter in good time about a vehicle exchange and the return date. In the event of a vehicle exchange, there is no entitlement to receive the same vehicle type. In the event of non-compliance with the return date, Avis will charge an amount of € 1,000 for each month or part thereof of the exceedance. All prices are exclusive of VAT and government fees and are subject to availability. Prices for services not included are subject to change. Please note that the terms and conditions of the respective car rental company apply. Payment terms and prices may vary. Reservations must be made exclusively through ARVAL. General Terms and Conditions AVIS: <https://www.avis.at/TermsAndCondition>
